

D. C. ANTHONY

OIL PAINTER

dcanthony.art | @dcanthonyart

ARTIST PROFILE

My paintings explore the threshold between light and dark, capturing subjects suspended in quiet, dreamlike moments. Drawing from the chiaroscuro traditions of Caravaggio, Rembrandt, and Juan Sánchez Cotán, I approach each canvas as a quiet stage for small, intentional narratives. My practice is driven by a simple guiding ethos: "die unfinished." For me, it is a commitment to living a life so fully immersed in creativity that the exploration never stops.
